

EHS and Sustainability Regulatory Consultant for German speaking Jurisdictions

Who are we?

Enhesa is the leading provider of regulatory and sustainability intelligence worldwide. As a trusted partner, we empower the global business community with the insight to act today and prepare for tomorrow to create a more sustainable future – positively impacting our environment, our health, our safety, and our future. Navigating the fast-changing compliance and sustainability landscapes, we help them understand not just what they should do (first), but also how to do it. Both in their unique business and anywhere in the world. Now and in the future.

Our mission is to:

- Identify EHS requirements for industry;
- Provide EHS compliance tools to companies; and
- Advise companies in developing and implementing corporate EHS strategies.

Enhesa's core clients include Fortune 500 multinational companies. For more information visit www.enhesa.com

As part of our highly dynamic team, we offer:

- A competitive salary package & benefits with a flexible home-working policy;
- Flexibility, work/life balance, a fast-paced and driven environment; and
- A position with room to drive performance improvements, supported by clear objectives and a pursuit for overall excellence.

Who are you?

Enhesa is seeking an **EHS and Sustainability Regulatory Consultant** to cover **German-speaking Jurisdictions** to help its Brussels Team.

The main responsibilities of the successful candidate include:

- Researching EHS laws, regulations and policy in the DACH countries;
- Monitoring existing and draft EHS law to alert industry on future requirements; and
- Preparing written reports allowing industry to measure regulatory compliance.

Depending on language skills and experience, the successful candidate will also be required to research EHS requirements in other countries.

The job is a full-time position with an international team and flexible possibilities!

What can you bring to the table?

- Law Degree obtained in a DACH country, specialization in environmental law is an asset;
- Strong analytical research and writing skills with a demonstrated ability to research and analyze law and policy;
- **Fluency in German and English is essential.** Additional language skills are an asset; and
- Interest in and understanding of EHS law and industrial processes.

If you are ready to join our journey, please address your cover letter and CV to Mrs. Adriana Eastes and submit your application with the reference number **2024-12-ATDE** to recruitment@enhesa.com.
